

Iridium Extreme® PTT GRAB 'N' GO KITS

Iridium Extreme® PTT Grab 'N' Go Kits

The Iridium Extreme PTT Grab 'N' Go kits provide a high quality portable transport solution using the Iridium Extreme PTT Service. Combined with Beam's Wireless, Corded or the Privacy Handset, in conjunction with the Beam DriveDOCK Extreme, the easy to carry cases extend the power of the Iridium Extreme® PTT Device to the palm of your hand, whether in or out of a vehicle, anywhere you need to go!

The inbuilt Beam PTT handset kit (wireless or corded) is ideal for various applications such as Emergency Services, Commercial Transportation, Mining Industry, Defence, Government, no matter the type or size of operation, you can depend on the Beam PTT to perform.

With a total of 8 product variations to choose from, there is bound to be a kit that suits your needs!

Beam Grab 'N' Go Wireless Kits

Beam's Push-To-Talk Grab 'N' Go Wireless Kits provide a powerful communication device that can transmit and receive audio for up to 300m/1000ft away from the case.**

This Beam solution provides a clear and high quality audio that surpasses the output of the Iridium Extreme® PTT device*. The Grab 'N' Go case supports the Iridium Extreme Handset in either PTT mode or standard voice mode. It is the perfect partner for your Iridium Extreme® PTT device.

3 options available:

- PTT Grab 'N' Go Wireless Large Kit (PTTGNG-W1A)
- PTT Grab 'N' Go Wireless Large Kit + UPS Large Kit (PTTGNG-W1AB)
- PTT Grab 'N' Go Wireless Small Kit (PTTGNGS-W1A)

** When using the supplied magnetic mount antenna for the wireless handset cradle.

PTT Mode* (*for Voice Mode capabilities, refer to user manual)	Mode 1: Default Mode External Speaker with Wireless Handset	Mode 2: Wireless Handset Only
Switch Modes	Press the Ringer button for 2-3 seconds, to move to Mode 2	Press the Ringer button for 2-3 seconds, to move to Mode 1
External Speaker	Yes	No
External Microphone	No	No
PTT Handset (Speaker/Mic)	Yes#	Yes
Privacy Handset	No	No
Make a PTT Call	Press PTT button	Press PTT button

When the PTT handset is in the cradle, all functionality is disabled and will switch to charging mode. To make or receive calls, the user must take the wireless PTT handset out of the cradle. If in use in a vehicle, please ensure to clip the handset to your shirt for safety.

* optional for large kits only

Beam Grab 'N' Go Corded Kits

Beam's Grab 'N' Go Corded Push-To-Talk Kits are a cost effective PTT solution and supports all features of the Iridium Extreme® PTT service. It also supports handsfree speakerphone attached to the dock making it ideal for a range of applications.

This Beam solution provides clear and improved PTT audio quality via the loudspeaker in the corded handset. The Grab 'N' Go kit supports the Iridium Extreme Handset* in either PTT mode or standard voice mode.
